Sunday: Closed

Monday: 8:00 AM– 5:00 PM

Tuesday: 8:00 AM– 5:00 PM

Wednesday: 8:00 AM– 5:00 PM

Thursday: 8:00 AM– 5:00 PM

Friday: 8:00 AM– 5:00 PM

Lunch Daily from 12:00 PM– 1:00 PM

Saturday: 9:00 AM– 1:00 PM

After Hours Care

One of our providers is always on-call and can be reached for emergencies after hours. You can reach the on-call provider by calling our main number (617-491-5111). Your call will be answered by our answering service who will page the provider on-call.

New Patients

We welcome new patients to our practice! Please call our main number (617-491-5111) to set up a new patient appointment.

Before your first appointment with us, please have any past medical records sent to our office (799 Concord Ave, Ste. 4, Cambridge, MA 02138 Fax# 617-491-5222). **New patients will not be seen until any past records have been received.**

Evidenced Based Care

Our practice uses evidence based care that follows the guidelines and recommendations provided by the American Academy of Pediatrics (AAP).

Billing

Work to ensure that patients are eligible for services and then apply the appropriate charges to their insurance or personal accounts

- ◆ Helen Mills

Coordinating Care Outside the Practice

Before scheduling an appointment with a specialist, please call our office. We are affiliated with Boston Children's Hospital and refer to them for specialist providers.

Our providers can provide many advanced primary care services in the office, such management of asthma, ADHD and acne and more. Your child's provider will work with you to determine if a visit to a specialist is needed.

***If your child does receive care at an outside facility, such as a specialist office or emergency room, please ask the outside facility to send the records to our office after your visit so we can be sure we have all the information needed to best serve your child. Some plans require an authorization from your insurance company to see this specialist, urgent care, etc. We will need the following information to process this:

- Specialist name
- National Provider Identifier Number (NPI)
- Date of service
- Phone number
- Fax number
- Reason for appointment
- Number of visits

Well Child Care and Immunizations

Preventive health care, including immunizations, is very important in keeping your child healthy. We follow all preventive health care recommendations of the American Academy of Pediatrics as described in the table below.

Our Well Visit Schedule

Newborn	This is the first visit to our office after the child is born, typically at 1-2 days	12 months	Growth and development, immunizations lead screening, hemoglobin screening,
2 weeks	Growth and development, weight check	15 months	Growth and development, immunizations
1 months	Growth and development	18 months	Growth and development, immunizations
2 months	Growth and development, immunizations	24 months	Growth and development, lead screening, hemoglobin screening
4 months	Growth and development, immunizations	3 years	Growth and development, vision screening, lead screening, hemoglobin screening
6 months	Growth and development, immunizations	4 years	Growth and development, vision and hearing screening, lead screening, hemoglobin screening, immunizations
9 months	Growth and development, catch up on any missed immunizations	5+ years	Yearly well visits with immunizations at 9- 10, 11 and 16 years with periodic hearing and vision screening

Immunization Schedule

We follow the CDC's recommended vaccine schedule, available here: <https://www.cdc.gov/vaccines/parents/schedules>
